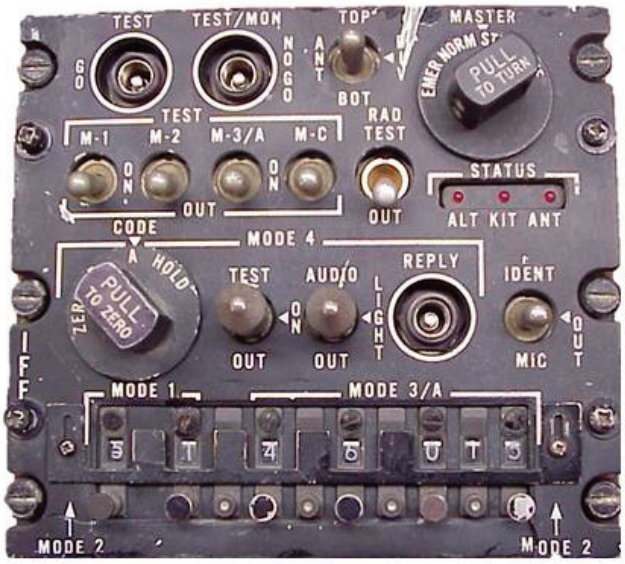
Refurbishment

Paramount Panels offers a range of panel refurbishment, repair and service options to meet your specific requirements.

- **Worn Panels**
- **Cracked or Broken Panels**
- **Illuminated and Non-Illuminated Panels**
- **Keyboards and Switch Bezels**
- **Assemblies**
- **Reverse Engineering**



Modifications can also be incorporated during the refurbishment process in order to update old panels. These modifications include updating to NVG compatible lighting, conversion to LED and changes to meet new configurations.
